

Addiction Treatment Facility (ATF)

The Addiction Treatment Facility (ATF) at the Department of Psychiatry, DLNPGMC Ratlam, provides specialized, evidence-based care for individuals affected by substance use disorders, including alcohol, tobacco, opioids, and other addictive substances. Established under the National Action Plan for Drug Demand Reduction (NAPDDR) of the Ministry of Social Justice and Empowerment, Government of India, the facility offers assessment, detoxification, pharmacological treatment, counseling, relapse prevention services. ATF aims to improve recovery outcomes, reduce the burden of addiction, enhance community awareness, and support the reintegration of patients into healthy and productive lives.
